Martin-O'Neil Cancer Center at St. Helena Hospital Napa Valley

10 Woodland Road
St. Helena, CA, 94574
Phone: 707.963.3611

MARTIN-O'NEIL
CANCER CENTER

When you're facing the uncertainty of a cancer diagnosis, the Martin-O'Neil Cancer Center at St. Helena Hospital is here to ensure that your physical, emotional and spiritual needs are met. We're here to listen, guide and give you hope. We are your resource for complete, personalized compassionate cancer care.

We offer complete cancer care in one convenient location. Our multidisciplinary team of board-certified physicians specializes in medical, radiation and surgical oncology. Our physicians use the most advanced technology available and work with the support of oncology-certified nurses, pharmacists and registered dietitians, a clinical navigator and an exceptional radiation therapy team. The Martin-O'Neil Cancer Center also participates in the Clinical Trials Cooperative Group Program sponsored by the National Cancer Institute (NCI).

Integrative and Support Services include:

- Patient Resource Library with Resource Specialist
- Abundance Boutique with specialty items for cancer patients
- Look Good Feel Better classes through the American Cancer Society
- Teens for Tummies Program (provides 4 healthy meals/week to qualified cancer patients)
- Music Therapy (once every other week)
- Healing Breath and Movement (one time per week)
- Women's Cancer Circle (Tuesdays, 5:15-6:30 pm)
- Circle for Caregivers (Wednesdays, 2-3 pm)
- Beginning November 7 a 6-week Survivorship Series

Colleen Winters, LCSW, Clinical Navigator, 967-5791
www.sthelenahospitals.org

Community Health Clinic Ole

1141 Pear Tree Lane, Suite 100
Napa, CA 94558
707-254-1770

Cancer screenings we do here:

- Pap smears
- Clinical breast exams
- Mammogram referrals to QVMC

Most uninsured women will qualify for programs such as CDP or Family Pact; if they don't, the Queen generously provides mammograms at reduced cost through a cancer services program/contract with Clinic Ole.

Colon cancer screenings:

We order fecal occult blood tests; there is no charge for uninsured patients—this is subsidized by Quest.

For colonoscopies, again, through the same program mentioned above with QVMC, uninsured patients who qualify for charity care are subsidized. Dr. White sees patients at Clinic Ole and we pay him through the same contract.

Dr. Ari sees uninsured patients with a cancer diagnosis twice monthly at Clinic Ole. This is also covered under the same QVMC program.

We also have a Pharmacy Assistance Program and will apply on behalf of the patients for free chemotherapy drugs for uninsured patients.

Legal Aid of Napa Valley

1001 Second Street #225
Napa, CA 94559
707-259-0579

Available services that may be needed by those who are ill, in addition to healthcare directives, include other small estate planning such as power of attorney for finance and wills. We have had several referrals from Community Outreach in which the patient, a mother, has had terminal cancer and did not want the father of the children to gain custody, so we prepared a will with nomination of guardian. We also review existing wills and trusts to make sure they are still the wishes of the patient.

Outside estate planning, we provide assistance to prevent evictions (often due to non-payment of rent that can occur when one is ill) and provide assistance in other housing issues. In addition we provide counsel to those with debt and consumer matters. We work with Bay Area Legal Aid to assist with public benefits such as access to Social Security, SSI, MediCal and other benefits. We work with clients who have nursing home problems, incapacity issues and/or conservatorship matters.

The Senior Legal Services Program also assists with elder abuse and neglect.

Our Baseline Legal Services Program assists with domestic violence and other family law matters, landlord/tenant disputes, wage and employment matters and many of the matters listed above.

Our Immigrant Legal Services Program provides assistance with family visa petitions, legal residency (green cards), citizenship applications, legal residency for victims of domestic violence and child abuse (U-Visas), special immigrant juvenile status, deportation defense, housing discrimination and wage and employment matters.

All of our services are free.

We have intake hours on Mondays between 10am-12pm and Thursdays between 1pm and 3pm for new clients. There is an income eligibility criteria for our services, excluding the Seniors Program (but with a priority given to low-income persons). All clients must reside in Napa County.

We hold clinics throughout the County so all have access to our services.

Our phone number is 259-0579 and our address is 1001 2nd Street, Suite 225, Napa, CA 94559.

Please feel free to call to learn more about our services or visit our website at www.legalaidnapa.org.

Napa Valley Hospice & Adult Day Services

414 South Jefferson Street
Napa, CA 94559-4515
707-258-9080

Hospice Services

Medical, nursing, spiritual, social and personal support is provided wherever the patient calls home. Grief support to anyone in the community suffering from a loss. Fees for service are typically covered by Medicare, MediCal, private insurance. No one is turned away, regardless of ability to pay.

Transitions Palliative Care

Nursing support includes a monthly in home visit, weekly phone calls. Volunteer services to address practical needs. Referrals to other community-based services. Service offered free of charge.

Adult Day Services

Medical, nursing, social, recreational, personal care services are offered at our Center during the day for adults who are frail, have dementia or other chronic conditions, or require help with activities of daily living.

Family consultations, education and referrals related to memory loss concerns. Brain fitness and Mind Boosters programs.
